Read the news the secular media doesn't want you to see!

<u>National Catholic Register</u> is an award-winning weekly newspaper that equips its readers to build the Kingdom of Christ in society, promote the Culture of Life, and transform our civilization into one of justice and love.

In every issue, you'll find...

INBRIEF Gives you breaking news at a glance — from across the U.S., Vatican City and the world.

INPERSON Connects you with Catholics who are shaping our culture — who share your values, know your struggles and — like you — are living the Gospel every day.

ARTS & CULTURE Our rating system tells you up front whether a film measures up to your standards of quality. Book and television reviews help you — and help you guide your children.

EDUCATION Keeps you on top of the shifting standards in public and Catholic schools and universities.

CULTURE OF LIFE Arms you with facts, in-depth stories, reports and notes on life issues and inspiring stories to help your faith life.
